EDUCATION

- **R. C. Patel Institute of Technology, Shirpur** 2023-2027
BTech Computer Engineering CGPA : 6.62
- **Raje D. S. Jamadar Science Junior College, Thalner** 2023
12th (HSC), Maharashtra Percentage: 73.00 %
- **Mahatma Gandhi Vidyalaya, Manjrod** 2021
10th (SSC), Maharashtra Percentage: 84.80 %

Internship

- **Machine Learning** January 2026
 - Successfully completed training and internship in Machine Learning with excellent performance.
 - Gained hands-on experience in Python programming, Machine Learning algorithms, Data Analysis, and AI-based application development.
 - Worked on real-time ML projects involving data preprocessing, model training, prediction systems, and data visualization.
 - Utilized technologies and tools such as Python, Pandas, NumPy, Scikit-learn, Matplotlib, and Flask during the internship.

Projects

Digimarket – Farmer to Consumer Marketplace

- Developed a web-based marketplace platform connecting farmers directly with consumers to reduce intermediaries and ensure fair pricing.
- Integrated Machine Learning features such as product recommendation and demand prediction to improve user experience and market efficiency.
- Utilized Python and ML algorithms for analyzing customer preferences, sales trends, and product demand.

College Internship Management System (CIMS)

- Developed a web-based internship management system using **Java (Servlets, JSP, JDBC)** to streamline application, approval, and tracking processes.
- Implemented features for students, faculty, and companies including internship applications, resume uploads, verification, and real-time status tracking.
- Designed secure authentication, document management, and database integration to improve workflow efficiency, data privacy, and communication.

Technical Skills & Interests

- **Programming Languages**: Java, SQL, C, Python
- **Databases**: MySQL
- **Machine Learning & Data Analysis**: Machine Learning, Data Preprocessing, Data Visualization
- **Libraries & Frameworks**: Pandas, NumPy, Scikit-learn, Matplotlib, Flask
- **IDEs**: VS Code, Eclipse, Jupyter Notebook

Certifications

- Java Training - R3Sys India Pvt Ltd
- Machine Learning
